ADDRESS ALL CORRESPONDENCE TO:
P.O. Box 200, NOWRA, 2541

PRESIDENTS REPORT

1992/93.

The 92/93 season has come and gone. It was a very important one for NOWRA-CULBURRA S.L.S.C. After having an Administrator for two years.

An elected committee took over and the beginning of the season saw approx 45 members pass their Proficiency Tests and 5 drivers their I.R.B. Proficiency.

During the season 5 new members gained their Bronze, 1 member gained his Advanced Surf lifesaving Certificate, two their Surf lifesaving Certificate seven their Advanced Resuscitation and one her Advanced Resuscitation Instructor Certificate, three members also passed their Resuscitation Certificate. David & Natalie, thank you.

The Clubs dinner was for new Members and a revival of old members, of which we had a little of both.

We had a new Secretary and Treasurer elected and to Keith Clarke a thank you for a job well done. To Wayne Chalmers who found money we should not have paid etc and saved us a lot of money, Thank you also.

Wayne also was responsible for the organisation of Presentation Night and to his very able helpers Lynn & Jodie as well as Wayne are offered the whole club, thanks.

Our year also included the holding of the BRANCH CHAMPIONSHIPS both Senior & Junior. To all our members, nippers and parents who assisted in the organisation, thank you for a very successful weekend. The Branch was very impressed with

the way the Club presented itself.

Now to the future, it is never an easy job raising money getting new members and keeping old members is always a challenge. With the community of Culbassa growing it would seem to be reasonable to suggest that the Club should be run from within the community. So that in the future the club can be open every afternoon for surfing, skills, gym work and general use.

I can't let my report finish without commenting on the reluctance to wear patrol caps, on patrol members heads and not tied around their neck. When visitors come to the beach they tell their kids to stay between the flags and look for the lifesaver by their hats.

In closing, once again to everybody who had something to do with the season. CONGRATULATIONS on a job well done.

Yours in lifesaving

JOHN BRACKER
(President)
